9th China-Japan Bilateral Symposium on High Temperature Strength of Materials
October 16-20, 2016
Changsha University of Science and Technology, Changsha, China

Call for Papers and Announcement

Sponsored by the High Temperature Strength and Materials Committee, the Society of Materials, Chinese Mechanical Engineering Society and The Society Committee on High Temperature Strength of Materials, the Society of Materials Science Japan

Objective of Symposium

The 9th China-Japan Bilateral Symposium on High Temperature Strength of Materials will be held at Changsha, China, during the period of October 16-20, 2016. The symposium series was initiated by the High Temperature Strength and Materials Committee, the Society of Materials, Chinese Mechanical Engineering Society and the Committee on High Temperature Strength of Materials, the Society of Materials Science Japan. This Symposium is a sequel to the successful meetings of the 1st China-Japan Bilateral Symposium held in Luoyang, China, 1992; the 2nd bilateral Symposium held in Nagaoka, Japan, 1995; the 3rd held in Nanjing, China, 1998; 4th in Tsukuba, Japan, 2001; 5th held in Xi’an, China, 2004; 6th in Sendai, Japan, 2007; 7th held in Dalian, China, 2010 and 8th held in Asahikawa, Japan, 2013. The purpose is intended to promote academic and technical exchange between Chinese and Japanese scientists, engineers and to strengthen the technical contacts in the field of high temperature strength of materials between the two nearby countries. The main theme of this symposium includes: High Temperature Deformation and Fracture Mechanisms, Deformation and Fracture of Advanced High Temperature Materials, High Temperature Strength of Electronic Materials, Experimentation at High Temperature Creep and Fatigue Interaction; Defect Assessment and Life Prediction of High Temperature Materials and Components, Small Sample Test Technique, etc.

Symposium Chairmen

Professor Jie Zhao, Dalian University of Technology
Professor Takamoto Itoh, Ritsumeikan University

Advisory Board

Professor Shan-Tung Tu, East China University of Science and Technology
Professor Jianming Gong, Nanjing Tech University
Technical Program Committee

Chairmen:
Professor Zhengdong Wang, East China University of Science and Technology
Professor Isamu Nonaka, Tohoku University

Members from Chinese side:
Professor Lixun Cai, Southwestern Jiao Tong University
Professor Jian Chen, Changsha University of Science & Technology
Professor Xu Chen, Tianjin University
Professor Shichang Cheng, China Iron and Steel Research Institute
Professor Hui Ding, Wuhan University
Professor Zhichao Fan, Hefei General Machinery Research Institute
Professor Zengliang Gao, Zhejiang University of Technology
Professor Weihua Guan, Hefei General Machinery Research Institute
Professor Guozheng Kang, Southwestern Jiao Tong University
Professor Guangfu Li, Shanghai Research Institute of Materials
Mr. Jianmin Li, Taiyuan Iron and Steel Group Co. Ltd
Professor Minshan Liu, Henan University
Professor Yao Shen, Shanghai Jiao Tong University
Professor Huiji Shi, Tsinghua University
Professor Sugui Tian, Shenyang University of Technology
Professor Fuqian Xuan, East China University of Science and Technology
Professor Gang Yang, China Iron and Steel Research Institute
Professor Huachun Yang, Dong Fang Boiler Group Co., Ltd
Professor Xiaoguang Yang, Beihang University
Professor Huicheng Yu, Beijing Institute of Aeronautic Materials
Professor Chengyu Zhang, Northwestern Polytechnical University
Professor Lanting Zhang, Shanghai Jiao Tong University
Professor Jie Zhao, Dalian University of Technology
Dr. Binseng Zhou, Shanghai Special Equipment Inspection and Research Institute
Ms. Yuemei Zhu, Shanghai Turbine Company, Ltd.

Members from Japanese side:
Dr. Nobuhiro Isobe, Mitsubishi Hitachi Power Systems, Ltd.
Dr. Akihiro Ito, Chubu Electric Power Co., Inc.
Professor Toshihiro Ohtani, Shonan Institute of Technology
Professor Kenichi Kobayashi, Chiba University
Professor Kazuhiro Ogawa, Tohoku University
Dr. Toshiki Mitsueda, Hokkaido Electric Power Co., Inc.
Professor Fumiko Kawashima, Kumamoto University
Professor Shin-ichi Komazaki, Kagoshima University
Dr. Usuke Suzuki, Toshiba Corporation
Dr. Kimiaki Yoshida, Ishikawajima-Harima Heavy Industries Co., Ltd.
Dr. Masaaki Tabuchi, National Institute for Materials Science
Dr. Kota Sawada, National Institute for Materials Science
Dr. Yasutaka Noguchi, Nippon Steel & Sumitomo Metal Corporation
Dr. Takuya Fukahori, Mitsubishi Heavy Industries, Ltd.
Professor Motoki Sakaguchi, Tokyo Institute of Technology
Professor Noritake Hiyoshi, University of Fukui
Professor Ryuji Sugiura, Nihon University
Dr. Masatsugu Yaguchi, Central Research Institute of Electric Power Industry
Professor Yasuhiro Yamazaki, Niigata Institute of Technology
Professor Hiroyuki Waki, Iwate University

Local Organizing Committee

Chairman:
Professor Jian Chen, Changsha University of Science & Technology

Members:
Professor Jianjun He, Changsha University of Science & Technology
Professor Wei Li, Changsha University of Science & Technology
Dr. Cong Li, Changsha University of Science & Technology
Dr. Chuangchang Li, Changsha University of Science & Technology

Scope

The organizer invites offers of papers on topics which contribute towards providing improvements in the understanding of the high temperature strength of materials and structures. A non-exclusive listing of relevant topics includes:

- High Temperature Deformation and Fracture Mechanisms.
- Mechanical Properties of Alloys at High Temperature.
- Deformation and Fracture of Advanced High Temperature Materials Including Intermetallics, Ceramics and Composites etc.
- Creep and Fatigue at High Temperatures.
- Creep and Fatigue Interaction.
- High Temperature Damage Analysis and Design Control.
- Defect Assessment and Life Prediction of High Temperature Materials and Components.
- Life Extension of High Temperature Components and Plants.
- Small Sample Test Techniques.

Call for Papers & Abstract

Abstracts within 300 words should be submitted by the deadline, through e-mail to chenjian9thcbs@126.com or yaguchi@criepi.denken.or.jp. The abstract should also contain the title of the paper, author’s names and affiliations. Contact details of the corresponding author should be provided including address, e-mail and telephone.

Milestone Date

Abstract Deadline: May 31, 2016
Acceptance of Abstract: June 30, 2016
Manuscripts Deadline: August 31, 2016

The official language is English and authors are kindly requested to submit their papers in English.
Some papers presented in the 9th symposium will be recommended to be published at the journal of Acta Metallurgica Sinica by peer-review process.

Registration

The registration fee will be 4,000 RMB or 60,000 JPY. Students and accompanying persons are welcome with a reduced registration fee of 2,000 RMB or 30,000 JPY. The registration fee covers admission to all technical sessions, lunch and two refreshment-breaks each day of the conference, banquet, conference dinners, excursion and a copy of the conference proceedings, but not accommodation.

Accommodation

The accommodation hotel is International Academic Exchange Center, Changsha University of Science and Technology.
Price: 288RMB/day(double room), 308RMB/day(single room)
Add: No.960, 2nd south section, Wanjialilu, Yuhua District, Changsha City, Hunan Province, P.R China
Tel: +86-731-85258888

Awards

Best Paper Awards will set up for young authors presented at the symposium. Outstanding Contribution Awards for the senior colleagues who made a particular contribution to the symposium. Meritorious Awards will be awarded to the previous predecessors for their outstanding contributions.

Contact

For any further information please contact
Prof. Jian Chen
School of Energy and Power Engineering, Changsha University of Science & Technology, Changsha, China
